

LOCAL FOOD DATABASE

How to Eat Local During COVID-19

Below is a list of small-scale farms and producers offering online ordering, contactless pickup, or delivery options across the United States. Click your state on the left side of the doc to find a local farm near you.

Note: Farms and producers in this color ship nationwide.

The farms on this list reflect what we believe to be the most beneficial practices and rear the most nutrient-rich food. We've listed growing practices where applicable (organic, biodynamic, regenerative, natural, and so on...) and encourage you to visit their websites to learn more.

Are you a small-scale farmer or producer? Or do you know of someone to add to the database? [Click here](#) to fill out our Google Form. [Email](#) with comments or corrections.

ARIZONA
